

## You don't have to face hearing loss alone!

The Hearing Loss Association of America gives members the tools they need to live more successfully with hearing loss. The programs and services we offer are designed to focus on you—the person with hearing loss.

### Advocacy

HLAA advocates for equal access for all Americans with hearing loss in areas such as telecommunications, employment, health care, education and community life. We promote self-advocacy and empowerment to help bring about change on both the local and national levels.

### National Membership

Inquire about national membership at [hearingloss.org](http://hearingloss.org). The benefits of the national membership are the *Hearing Life* magazine, information about the national convention, WALK4Hearing and advocacy on the national level.

### Chapter Website

For additional information: [hearinglossstl.org](http://hearinglossstl.org).

Only 1 in 5 people who would benefit from a hearing aid actually use one.

33 percent of Americans between the ages of 65 and 74 have hearing loss.

2.7 million veterans receive disability compensation or are in treatment for hearing-related issues, making it the most common service-connected disability among American veterans.
